WELCOME TO THE KING PALACE RESTAURANT

Nobody knows how many dishes the chinese have created, the list is endless. Running into many thousands we have just selected a few to encourage your interest in our culinary art.

In this country, the cooking in chinese restaurants is predominantly sichuan and beijing which both claimed to be the gourmets of china.

Our menu offers the best combination of these two regions with a selection of Vietnamese specialities, all our dishes are carefully prepared by our experienced chefs.

Our vegetarian dishes are made for easy reference and our staff would be delighted to suggest a selection of vegetarian dishes from our menu.

We can also cater for private parties and special occasions and would be pleased to suggest a special menu of dishes which are not regularly served in our restaurant.

The staff and management welcome you to the kings palace and your visit, we believe will be a outstanding gastronomical experience.
